UI/UX DESIGN PROJECTS

- Journey** *(An app designed for travelers to record and share their journey)*
- Designed wireframes and mockups that improved user interaction for traveling
 - Developed high fidelity user interfaces and interactive prototypes
- Foodly** *(An app encouraging people to live healthier through eating nutritious food)*
- Conducted market research to identify pain points for existing health apps
 - Developed personas, user flows and prototypes after synthesizing research results
- Fuzhou** *(A website designed to preserve the dialect in Fuzhou, China)*
- Worked with engineer students to design both web and mobile interfaces
 - Actively communicated with the engineers from early ideation stage to final implementation
- Split** *(A visualized calculator for splitting bills)*
- Conducted usability testings to identify opportunities to improve the process of splitting
 - Developed functional prototypes using front-end coding
- Uber** *(Redesign UI for multiple destinations)*
- Brainstormed ideas to improve user experience for Uber
 - Developed multiple iterations and prototypes for the process of scheduling multiple destinations
- Landmarks Association of St. Louis** *(Develop a new website for a non-profit organization)*
- Worked with two engineers to develop an event calendar, interactive map and online store
 - Redesigned the user interface so that it is user-friendly to both staff members and visitors

SKILLS

Prototype:
 - Sketch, Proto.io

Design:
 - Photoshop, Illustrator, InDesign

Front-end Development:
 - Html, Css, Bootstrap, Javascript, JQuery

Back-end Development:
 - PHP, Python

3D Modeling:
 - Revit, Rhino, Autocad, Octane Rendering

Others:
 - Hand drawing, Painting, Premiere, Final Cut

Languages:
 - Fluent in Chinese and some knowledge of Italian and Japanese

COMPETITION

- HealthHackSTL** *(Win the challenge of "educating and engaging patients in their healthcare" out of 18 teams)* Spring 2018
- Worked with one engineer and one data scientist to create an app that analyzes individual health data
 - Developed consistent and attractive UI for both the web and mobile application

WORKING EXPERIENCE

- Gensler** *Design Intern* Summer 2017
- Developed concept and floor planning for a hotel headquarter project over 80000 sq ft, placed 1st in the competition, with a team of a design director, a marketing principal, a program manager and an engineer
- WUSTL - Office of Public Affairs** *Graphic Design Intern* Fall 2016 - Spring 2017
- Designed various projects for official school websites and published weekly campus photographs
 - Edited debate photo gallery and helped monitoring social media for 2016 presidential debate
- WUSTL - Media Service Center** *Student Videographer* Fall 2016 - Spring 2017
- Assisted video recording, post editing and online streaming various events on campus
- Kemper Art Museum** *Docent Intern* Fall 2016 - Spring 2017
- Led both public and academic gallery tour for the exhibition of artworks in 20th century
- WUSTL - Law School** *Web Design Intern* Summer 2016
- Designed posters and websites for graduation ceremony and school 150-year anniversary
- WUSTL - Design Challenge** *Teaching Assistant* Summer 2016
- Led a group of students to do user research and design thinking projects about pollution to promote sustainability on campus

LEADERSHIP EXPERIENCE

- Alberti Program** *Teaching Assistant* Spring 2015 - Spring 2017
- Taught over 100 kids in the neighborhood areas to do design projects in the art studio every Saturday
- Table Tennis Team** *Public Affair Chair* Fall 2014 - Spring 2017
- Designed posters, maintain websites and manage social accounts to promote the table tennis club
- Discover Program** *Team Leader* Summer 2015
- Organize and lead orientation activities for international transfer and exchange students from eight countries
